

Product Information

Horizontal cable organiser 19" BKT, 1U, plastic with high elasticity

Card No.: PI_11140101.3_01.18

Horizontal cable management 19" enables attaching of cables and wirings inside the cabinet and their arrangement between the patch panels. The horizontal cable management is essential in telecommunications cabinets because it allows for maintaining proper organization and order in structural cabling.

Features

- Allows for clear organization of cabling
- Holders can be mounted horizontally as well as vertically
- Holes between holders allow for leading cables through the back of the organizer
- Additional side holders mounted at the side of the organizer allow for vertical organization of cabling
- Material - highly flexible plastic
- Standard: 19"
- Cable holder dimensions: 40 x 80 mm
- Color: black RAL 9005

Standards

- ISO/IEC 11801
- IEC 60297-3-100
- ANSI/TIA-568
- RoHS 2011/65/EU
